

Mother of My Mother: The Intimate Bond Between Generations

In her acclaimed New York Times bestseller, *Motherless Daughters*, Hope Edelman explored the profound and lasting effects of mother loss, as well as her own search for healing. Now, in her compelling new work, Edelman explores another complex, life-changing relationship, the intricate bond between generations. Drawing from her own experience and the recollections of over seventy other granddaughters, Edelman explores the three-generation triangle from which women develop their female identities: the grandmother-mother-daughter relationship. With eloquent personal testimony, she demonstrates the vital roles grandmothers have played in their granddaughters' lives, as a source of unconditional love, family values and traditions, and backup parent, the ultimate safety net. Here are grandmothers in all their glory: The Benevolent Manipulator, whose love for her family is matched only by her desire for control; The Gentle Giant, awesome, respected, who possesses a quiet, behind-the-scenes power; The Autocrat, who rules her extended family like a despot; The Kinkeeper, the family hub, who offers a sense of cohesion to the extended clan. With insight and compassion, Edelman probes this unique and emotionally-charged relationship in a book that is a true celebration of an extraordinary bond--and a must read for every woman. From the Trade Paperback edition.

Mothi Mary has organized her group to act as a mother, son, and daughter at the same time, which makes a stronger bond between parents and son than between son and wife, especially in a patrilineal family.
