

I Was There - Second Edition: Destined to Witness

What if for a moment we could imagine certain plants or animals or even a child finding purpose and place in God's grand design? What if they could witness out loud to our world that God rules? That is what Part One is all about. This insightful collection of short stories examines one of the greatest questions: what is the point of life? Gary G. Gable depicts five protagonists: a ram, a boy, a donkey, a fish, and a tree from biblical times as each finds meaning in his life and discovers why they lived in their world at a particular time in history. Part Two asks the reader to take a unique journey to explore the questions if God is still speaking today, and, if so, what is He saying? The reader will also get a chance to reflect on the question of where in God's plan is their purpose? It is very possible that the reader will connect to some experience or event that can be explained by the title, I Was There, Destined To Witness.
