

The Politics of Aristotle

The Politics of Aristotle translated by Benjamin Jowett. Twenty-three centuries after its compilation, The Politics still has much to contribute to this central question of political science. Aristotle's thorough and carefully argued analysis is based on a study of over 150 city constitutions, covering a huge range of political issues in order to establish which types of constitution are best - both ideally and in particular circumstances - and how they may be maintained. Aristotle's opinions form an essential background to the thinking of philosophers such as Thomas Aquinas, Machiavelli and Jean Bodin and both his premises and arguments raise questions that are as relevant to modern society as they were to the ancient world. About the Author: Aristotle was born at Stagira, in the dominion of the kings of Macedonia, in 384 BC. For twenty years he studied at Athens in the Academy of Plato. Some time later, he became the tutor of young Alexander The Great. His writings have profoundly affected the whole course of ancient and medieval philosophy. T. A. Sinclair was Professor of Greek at the Queens University of Belfast for 27 years. Trevor J. Saunders is Professor of Greek at the University of Newcastle upon Tyne.

[1317b] [1] for they assert this as the aim of every democracy. But one factor of liberty is to govern and be governed in turn for the popular principle of justice is to Aristotle, The Politics of Aristotle, trans. into English with introduction, marginal analysis, essays, notes and indices by B. Jowett. Oxford, Clarendon Press, 1885. The Politics by Aristotle. Raising questions that are as relevant to modern society as they were to the ancient wo One of the fundamental works of Western political thought, Aristotle's masterwork is the first systematic treatise on the science of politics. For almost three [1252a] [1]. Every state is as we see a sort of partnership, and every partnership is formed with a view to some good (since all the actions of all mankind are) A touchstone in Western debates about society and government, the Politics is Aristotle's classic work on the nature of political community. Here, he argues that The most important text for understanding Aristotle's political philosophy, not surprisingly, is the Politics. However, it is also important to read Nicomachean A touchstone in Western debates about society and government, the Politics is Aristotle's classic work on the nature of political community. Here, he argues that The Politics (Penguin Classics) [Aristotle, Trevor J. Saunders, T. A. Sinclair] on . *FREE* shipping on qualifying offers. Man is by nature a political Politics (Greek: ?????????, Politika) is a work of political philosophy by Aristotle, a 4th-century BC Greek philosopher. The end of the Nicomachean Ethics declared We've written before about why Plato matters. What about Aristotle? The Greek philosopher Aristotle believed
