

Shoulda Been a Rancher (These Nevada Boys Book 3)

Veterinarian Beau Walker just couldn't seem to do anything right with the girl of his dreams, Sienna Mueller, another small town veterinarian. Set in rural Nevada, he was quite simply a klutz who longed to change his ways. Beau finally gets his chance when he and Sienna work together at the Camel Races in Virginia City. But with the interference of current and past lovers and the fact that he's always spilling something on her, Beau has an uphill struggle to win Sienna's heart. The big Walker family lends him support as does the Johnson clan (Rancher series) but the odds are still stacked against him. So what do you do when nothing goes right? He's going to have to figure it out--this may be his very last chance at happiness with the girl he loves.
