He hasn't found her yet. Free at last... Curvy Lara Smith is already regretting allowing her friends to drag her on a night out, she'd much rather celebrate her divorce with a good book and a pint of ice-cream. With the ink barely dry on her divorce papers, finding a man is at the bottom of her list. Hell, it doesn't even make the list. One night... That's all it's meant to be for Lara, anyway. A crazy, carefree night with a smoking hot stranger. But Zane has other ideas. He's finally found his true mate now all he has to do is find her again. When Lara discovers that one night of passion can have life-changing consequences she has to make a choice. Does she tell Zane about the secret growing inside of her, or not? **The Lions Pride is a steamy, standalone shifter romance novella with no cheating, no cliffhanger, and a happy ever after guaranteed**
