

Child of the Mist (These Highland Hills Book #1)

In the harsh Scottish highlands of 1564, superstitions threaten a truce ... a traitor plans his attack ... and a new love is born. An arranged betrothal was never the course Anne MacGregor imagined her life would take. Yet when her father explains that her cooperation is the only way to bring about the long-sought truce between feuding families, Anne has no other choice. A simple ceremony pledging Anne's hand in marriage after one year of commitment is the only seal to the promise of peace. But when the arrangement requires the reluctant Anne to follow Niall Campbell back to his home, she soon discovers that peace is not so easily achieved. Before they even arrive, rumors about her abound, and her safety is threatened. Meanwhile, Niall's ascension as leader of his clan is in jeopardy, as a traitor works to bring about his downfall. As Niall and Anne begin to see beyond each other's defenses, love takes them by surprise. But will it be enough to defeat their foes? Or will the truce be broken, their lives forfeit, and war return to their beloved land?
