Dear Reader Teachers Pet Leslie Stuart was renowned for her success as a special ed teacher--so why did the government need her in an isolated cabin in the Tetons? When her pupil turned out to be Sam Pierce, the pieces fit. She had three weeks to teach the countrys leading mathematician to read. Sam was a smart mansmart enough to successfully hide the secret of his illiteracy for years. He never showed weakness, so his relationship with Leslie was contentious from the start. Learning to read was a piece of cakebut keeping his feelings about Leslie secret was becoming impossible.
