

Falling from grace into Grace and being caught by the Father

Falling from Grace into Grace and Being Caught by the Father, is the story of Trevors journey into the amazing revelation that God is his real Father and that he is his son. It charts the years leading up to that discovery and how he struggled to face the issues of his life that had prevented him from coming to this place of rest and joy. This is a book for all who face the stuff of their lives and wonder if there is any hope or future for them. This book will give you hope and the security that comes from discovering who you are a beloved child of God and that he is your real Father too. In this book Trevor has been extremely transparent in his pathway in this life we call Christianity. He has faced himself. He lost everything including reputation, the most freeing thing to lose. He lost all security and many of his friends. He lost himself and his calling and destiny in ministry. It is a great source of satisfaction and joy to me to have been able to play a part in the redemption and restoration God has done in Trevors life. Gods calling and gifting are never taken away by Him! I highly recommend this book to you and know many will find great encouragement in it. James Jordan Founder and Director.
