

## Mastering Her Role (Pleasure In Disguise Book 1)

Introduce me to Dominic. When Ariannes husband dumped her for their rich neighbors girlfriend, her confidence as a woman went out the door as well. At least her neighbor, Jason, was in the same boat, pouring wine to console her while his aloof self-assurance remained firmly intact. She has been fascinated by him from the first, but his looks and wealth put him out of her league. Now shes heard rumors he has a kinky side. If she doesnt shake her inhibitions, she has no chance with him at all. Jason has lusted after Arianne since the day he met her. Having his live-in lover seduce her husband out of the way was convenient, but a year later, Arianne is still hurting. If she knew the part he played in her betrayal, she would never forgive him. Now she wants him to don that part, his alter-ego Dominic, and introduce her? No. He hates that side of himself now. Dominic is a sexually dominant instructor in the ways of pleasure. Arianne needs help. If Jason wants to restore her faith in her ability to attract a man, here is his chance, but he runs the risk of losing her completely. Arianne is an eager pupil, however, and soon begins her lessons of sexuality, lust, and being thoroughly and deliciously ravished. But what will happen when the mask comes off and the truth comes out?

But as the holder of one of Englands most august noble titles, he must now take on one who will fill his days with comfort and his nights with sheer pleasure. Determined to claim her, he embarks on a seduction to prove his mastery over The hills, and that border, had played a vital role in the evolution of the dukedom.
