

Killers for Hire (Crimescape Book 5)

(A 122-page True Crime Short with photographs) Two assassins brazenly murder a famous married couple on their LA driveway; then escape on bicycles. Despite numerous witnesses who saw them flee, the killers seemed to disappear into thin air. For the first time, dozens of exclusive interviews tell the inside story of how a dogged detective spent 12 years piecing together clues into Mickey Thompsons untimely death, ultimately identifying the mastermind but always a step behind the assassins. Det. Mark Lillienfield would play a cat and mouse game until he gathered enough evidence to make a case, uncovering proof along the way that he was likely dealing with a serial killer. (Formerly titled Murder at the Finish Line) Great job, very accurate, good detail, terrific storytelling. Kudos!
