

Into the Lair: The Falcon Mercenary Group, Book 2

Ian and Braden Thomas return to the United States to extract Katie Buchanan, the sister of the teammate who betrayed them. She could very well be the key to taking down the man responsible for turning Ian and Braden into unstable cat shifters. Unfortunately, they're not the only ones after Katie. Katie has no intention of going quietly or of offering her trust on a silver platter. She's got troubles of her own that don't include two pain-in-the-ass men who claim her dead brother sent them. She's too busy trying to stay one step ahead of Ricardo de la Cruz, the brother of a man she killed. As the bodies pile up, Ian and Braden are only sure of one thing: Katie makes them crazy. Something about her calls to their inner predator. They both want her, but she's made a practice of making bad decisions and trusting the wrong men. And by the time she realizes that she can trust these two warriors, it might just be too late.
