

Autumn Lake (Heroes and Rogues Book 4)

An arms dealer's daughter replaces Mark Sampson, the former agent handler for the East Tennessee biker gangs. Agent Autumn Lake has a multi-task assignment. Not only does she need to stay in place as her father's gun runner, but she also must find her way inside the Heroes and Rogues. To top things off, Autumn is appointed to handle the likes of Logan Marcs, Summer Pain, and Gaylord Martin, three agents who may have switched sides. Jake Covington is the only placed agent without a blown cover. So far, he has escaped the cast light of suspicion and he'd like to keep it that way. His position quickly changes when he meets Morris Lake's gun-toting daughter. Not only is she beautiful and smart, but she's sexy as hell. Soon, the two are more than just friends and lovers, they're bound together by club secrets, agency assignments, and a love that seemingly spins out of control right from the start.
