

# Mail Order Bride: Woman & Child Facing The Odds To Reach Her Cowboy

A widow with a child decides to move from her farm after struggling to make ends meet by herself, so she corresponds with a cowboy in California. She travels to meet him in a city which is at the end of one of his cattle drives and they agree to marry. She returns to her home and then she and her son strike out west from North Carolina by wagon to meet her new fiance. There are hazards and trials along the way, let alone the fact that her soon to be husband is often gone for months at a time.
