

Mosbys Textbook for Long Term Care Assistants (Mosby Lifeline)

With roughly half of all nursing assistants working in long-term care facilities and with employment of nursing assistants expected to grow much faster than average, the need for a good basic textbook is more critical than ever. Recognized as one of the leading texts in the discipline, this second edition improves on colour and design, incorporates new OBRA and OSHA guidelines and sets a tone for a more compassionate role for the nursing assistant.

Former Library book. Shows some signs of wear, and may have some markings on the inside. 100% Money Back Guarantee.
