

Mr. Hall Takes a Bride (Logans Legacy Revisited)

Handsome, ruthless attorney Jordan Logan had an amazing track record: he had never lost a case. So when he agreed to do a favor for his sister and become a substitute lawyer at Advocate Aid, he thought it would be a piece of cake. What Jordan didn't expect was the all-consuming passion he felt for his work and for the one-of-a-kind office manager, Sarajane Gerrity. As suspicious of him as she was stunning, Sarajane was full of surprises. And the biggest surprise of all was allowing herself to fall for a man like Jordan. But the jury was still out on whether this romance could be for real.
