

Mine: Black Sparks MC

I knew I couldn't run from him forever. Eight years ago, I thought I left it all behind. I thought I left him behind. Nicholas Stone. A dangerously delicious mix of tattoos, testosterone, and devilish charm. He had nearly ruined my life, my future, if I hadn't cut him out of my life. I hate how I can't chase him out of my mind. I hate how I can't forget the way he used to hold me. The way he used to please me. The way he used to make me feel so alive when I was in his arms. And now he's back in my life. And I know this time, he won't let me go. Warning: this is a dark novel that deals with very disturbing topics. Not for the faint of heart readers. Caution is advised. This is a standalone full length dark romantic suspense novel with a guaranteed HEA ending and no cliffhangers.
