

Under Fire (Some Like It Hot)

OSHA investigator Jana Linney has never had good sex. So when she approaches hot firefighter Ben Perry in a bar, she's not sure what she's thinking. Having a one-night stand is totally not her, but if anyone can help her, he can. The next morning Jana knows once isn't enough. Unfortunately, her chances of a repeat performance become unlikely when she discovers she's investigating the death of one of his co-workers. Ben never intended his night with Jana to be anything more. His eager pupil, though, makes him question his entire decision. Then when Jana shows up at the firehouse he knows their relationship can't go any further. Unless, of course, she gives the case to someone else. However, Jana won't budge and says they can keep their professional and personal lives separate. But there's nothing professional about his plans for her!
